WARNING

Scuba diving has inherent risks which may result in serious injury or death. Diving with compressed air involves certain inherent risks; decompression sickness, embolism or other hyperbaric injury can occur that require treatment in a recompression chamber. Open water diving trips may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. Scuba diving is a physically strenuous activity and you will be exerting yourself during club diving activities.

The club (Sussex Scuba Dive Club) does not accept any responsibility for any death, injury or other loss suffered or caused by you or resulting from your own conduct or any matter or condition under your control which amounts to your own contributory negligence. In the absence of any negligence or other breach of duty by the club (Sussex Scuba Dive Club) your participation in club activities is entirely at your own risk.

I acknowledge receipt of this statement and have read all of the terms before signing this statement.
